

Illinois Arts Council Agency

DUNS Number Requirement

All organizations seeking funds from the Illinois Arts Council Agency are required to have a DUNS number and provide it to the IACA at the time of application. See the [Proof of Eligibility Requirements](#) page on the IACA website for further details.

The Data Universal Numbering System is Dun & Bradstreet's copyrighted, proprietary means of identifying business entities on a location-specific basis. It is a unique nine-digit number recognized as the universal standard for identifying and keeping track of businesses and is required by the U.S. Federal Government.

All DUNS numbers are nine digits, no dashes, no letters or special characters.

The following pages outline step by step instructions on how to retrieve your DUNS number.

Dun & Bradstreet (D&B) is pleased to announce that a new authentication security protocol, to further safeguard your business identity, has been added to the D-U-N-S Number request process for entities doing business with the US Federal Government.

Our updated site:

- Establishes an association between you and the business(es) you select
- Authenticates you "are who you say you are" by asking you to answer a few individual based challenge questions
- Still requires that you be a principal, owner, officer or responsible manager of the entity for which you are:
 - o Viewing an existing D-U-N-S
 - o Requesting a new D-U-N-S
 - o Requesting changes to an existing D-U-N-S

Authentication is a one-time process and once completed, you are given an ID and PW so you may easily re-enter the system when needed. If you should have any additional questions, please review the FAQ's or email us at govt@dnb.com. Click **Continue to Government iUpdate** to begin.
